Signature™ Carriage Collection doors are the perfect complement to your home.

THE ELEGANCE OF MASTER CRAFTSMANSHIP

Wood. It's not only beautiful in and of itself, but also for what it can become. In the hands of our Amish craftsmen, premium wood is transformed into our finest Signature™ Carriage Collection garage doors – a distinctive and lasting addition to the value and architectural style of your home.

570 Series

In addition, we've selected the finest materials to ensure many years of reliable performance. Hemlock makes a superb painting surface, Cedar is an exceptional exterior grade material, highly resistant to rot and insects, and Mahogany has a tight smooth grain and is naturally weather resistant. The result is a fine quality, beautiful wood door that will yield many years of dependable operation.

560 Series

The Overhead Door Signature™ Carriage Collection doors combine the classic swing-open appearance and detailing of carriage house wood doors with the convenience of standard sectional garage doors. We combine our tried-and-true technical know-how with knowledge passed down through the generations to create a door that reflects handmade artistry yet is built to stand the test of time.
