Thermacore®
Premium insulated garage doors

Thermacore®

Premium construction and
maximum thermal efficiency

The Genuine. The Original.

Overhead Door presents our premium insulated
Thermacore® garage doors, featuring maximum
thermal protection.

CHOOSE YOUR DOOR

Panel style

Our Thermacore® doors feature a wood-grain embossment to enhance the appearance of your door. Choose standard panels or flush panels. Features a continuous layer of foamed-in-place polyurethane insulation sandwiched between two layers of rust-resistant, corrosion-resistant steel.

Standard panel (S) Flush panel (F)

Color

Doors are available in the colors shown or can be painted to match your home's décor.*

*Available in 190 and 490 Series only.

††Available in 190 Series only.

*Colors may vary slightly from these shown and may not be available on all individual series. See painting instructions for details.

Wind load-rated door

Our WindStorm™ wind load rated system is available on selected products to meet regulations for a variety of windspeeds, ensuring your door is built to withstand varying wind conditions, including hurricane-force winds, and meet the most stringent local building codes.

U-factor ³	0.24	0.24	0.16
Steel backing ⁴	●	●	●
Warranty	20-year limited	Lifetime limited	Lifetime limited
Panel style	(S) Standard, (F) Flush		

Terminology

¹**Polyurethane insulation:** Our polyurethane foam insulation contains no CFCs or HCFCs (100% water-blown foam). Thermacore® section construction provides low U-factors for maximum energy efficiency.

²**R-value:** A standardized measure of thermal efficiency. The higher the R-value, the greater the insulating properties.

³**U-factor:** A standardized measure of the rate at which the heat passes through a material, tested in accordance with DASMA's TDS163. The lower the U-factor, the greater the insulating properties.

⁴**Backing:** Interior-side steel backing, standard on Thermacore® products, provides strength and a finished, clean appearance.

CHOOSE YOUR OPTIONS

Windows

Complement your home with custom-look window options

Bevelite® acrylic elegance

The beauty of leaded glass, without the added expense of custom glasswork.

Obscure glass

To further enhance your door's appearance, choose our obscure glass panels.

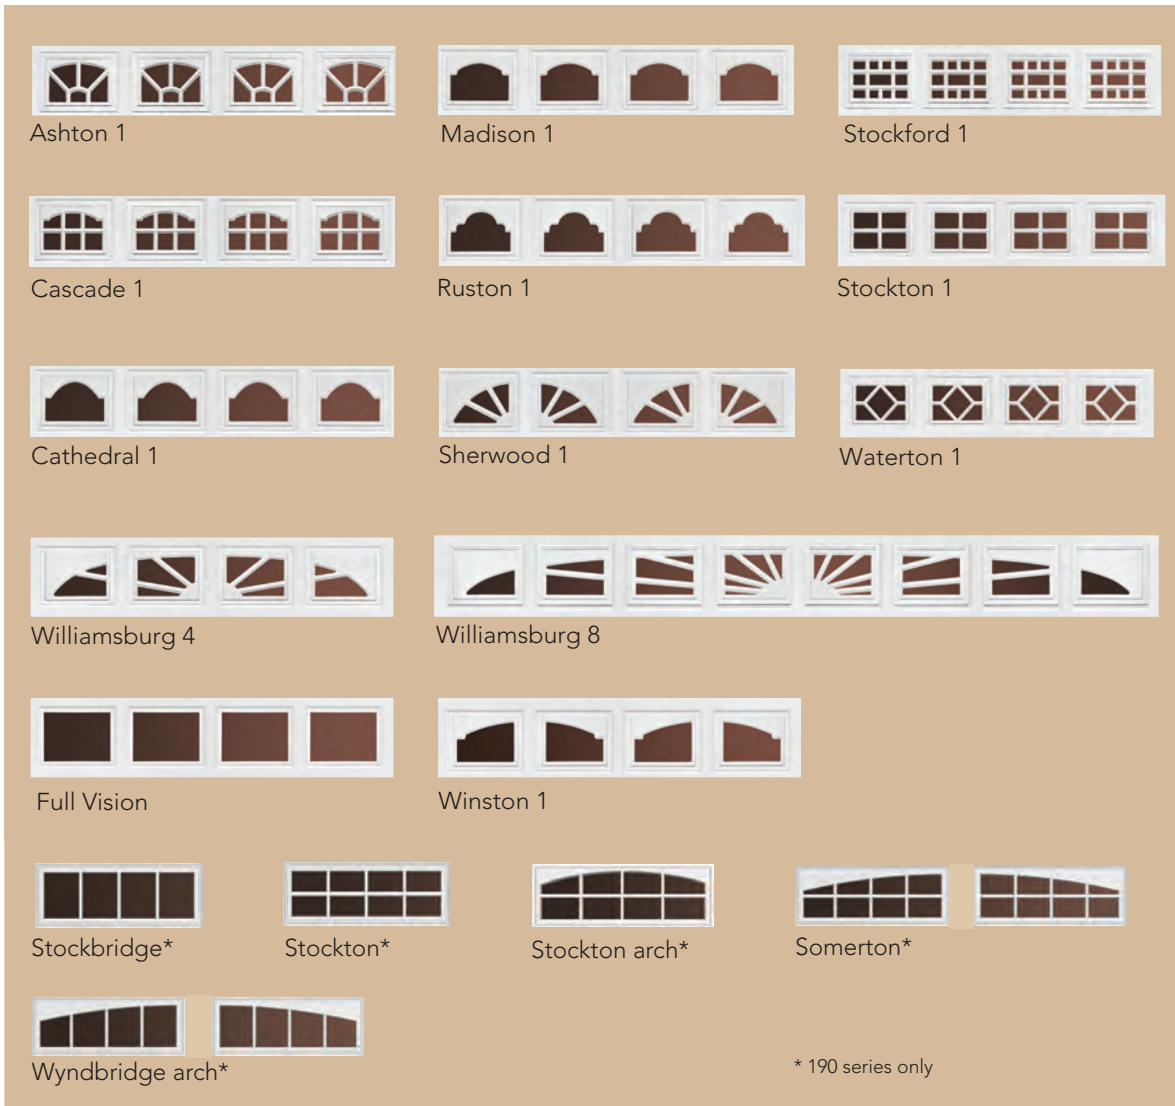

Obscure

Window panels

All decorative trim windows come standard with double-strength glass.

Standard panel

Ask about glass upgrades

Want additional shatter resistance or a warm, amber tint? Ask your Red Ribbon Distributor about our optional upgrades.

Tempered glass – enhanced safety

Solar bronze – UV protection

High velocity impact glass –

Clear Lexan® – shatter resistant

Insulated glass – thermal efficiency

security option

CHOOSE YOUR OPENER

Be sure to ask about our complete line of garage openers. Your Red Ribbon Distributor will help you choose the operator that best suits your specifications and preferences.

Built better from the inside out

Thermacore® construction

Provides a continuous layer of foamed-in-place, CFC-free polyurethane insulation sandwiched between two layers of corrosion-resistant steel, for maximum thermal efficiency

Embossed wood-grain texture

Adds beauty, sophistication and durability

In-between section thermal seals

With an air infiltration rating of up to .08 cfm, seals provide superior resistance to the elements

Durable finish

Hot-dipped galvanized steel with two coats of baked-on polyester paint

Bulb-type bottom weather seal

Guards against wind and rain while providing a cushion when closing

The Genuine. The Original.

Since 1921, Overhead Door Corporation has not only raised the standards of excellence for the industry – we've created them.

Overhead Door created the original overhead door in 1921 and the first garage door opener in 1926.

Today, our 450 Overhead Door Red Ribbon Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It's your guarantee that you're getting the genuine, the original Overhead Door.

Limited warranty

Overhead Door garage doors are backed by a limited warranty that protects against section rust-through for as long as you own your home. Also included is a one-year non-transferable, limited warranty ensuring high standards for materials and workmanship.*

* Warranties vary by model series. See warranty for full details.
